

Welcome to the North Carolina Aquarium at Fort Fisher

Things to remember during your visit:

- The Aquarium's theme is "From the Cape Fear River to the Sea". In the Conservatory on the main level, you will view fresh water plants and animals. In the two story Marine Building, you will view salt water plants and animals.
- Food is not allowed inside the Aquarium. Bottled water is the only beverage allowed.
- The Aquarium is a smoke-free, tobacco-free environment. A designated smoking area is located just outside the garden exit, to the right.
- Check overhead monitors for a daily program schedule.
- The elevator is located on the second floor of the Marine building to the right of the Cape Fear Shoals exhibit.
